Organiser's Comments:

Thanks to all for coming to our first Autumn Leaves street event. It was a treat to start off with daylight and warm weather. No-one managed to get all the controls tonight so congratulations to Leon Foster who just pipped Duncan Birtwistle by one control. Vince Grealy almost drew with Duncan but had one more incorrect control. There were problems with controls 9, 10 and 12 so I have allowed these. Any other queries please e-mail me and I'll check it out.

Great to see some new faces tonight - we will make sure we add a note to the website about the need for a watch - well done to those who managed without!

There was some discussion afterwards about varying the scoring system to make it a little more interesting so watch out next time! The next race will be in two weeks time on Wednesday 1st October from Pannal Ash Roundabout. It will be getting darker by then so please remember to bring a headtorch as well as your watch and pen.

Linda
