Wrong

Organiser's Comments:

Thanks to all for coming to the event in spite of the weather. The turnout was as good as earlier events when it was warm and sunny. No-one managed to get all the controls tonight but all the controls were visited by at least one person. Richard and Leon both got 28 but Leon got one wrong so Richard wins this week. There was a problem with control 16 being on the wrong corner but everyone coped. Any other queries then please e-mail me and I'll check it out. The next race will be in two weeks time on Wednesday 29th October in the Leeds Road/Green Lane area.
