Wrong

Planners comments:

Thank you to everyone that turned up for a run, I hope you all enjoyed it. We've used the area before but this time I decided that it was too small for the faster ones and had to expand the map. I also wanted you to run round Hornbeam Park, which isn't too tricky but may not be as familiar as the streets around the houses. I also wanted to really stretch you by using some streets at the other side of Leeds Road. My plan paid off and no-one got all the controls. The other half of my challenge was to drink all the soup that I'd made and this also proved too hard for you. It looks like The Ramsdens will be drinking pumpkin soup for a little while longer!
