Wrong:

A cold but dry night made a pleasant change for this winter, chasing lampposts around the western side of Knaresborough. Good to welcome two new faces to our events, with Caitlin Pearson of SWOC (but now living in Richmond) showing her experience of racing the streets of Cardiff as only one error prevented her from taking top spot. Adrian Dixon, although a seasoned fellrunner avoided the slopes around the castle and found it an excellent training exercise. Both promise to return next time. Every control was visited, even the outlying #3. Four runners managed to visit JK Coordinator Mike Cope's home post (#5). Well done to Tim Evans on the win but thanks to all for coming out on such a cold night. Next up is Ripon, with David Day's event starting at the South Lodge PH on 3rd February, details to come in the Claro Weekly or the website.

Stan
