							Wrong:																															

Thank you for coming and the positive feedback. I am glad you enjoyed yourselves. We found The Swan on the Stray most hospitable. A couple of controls proved tricky so I went and had a look at them today. I have conceded both controls 1 and 21 as slightly ambiguous and given the benefit of the doubt to all visitors to them. Matthew has an extra x in the column for control 13 (on his control card he wrote a story about a tree so has also been given that one). First woman was Vicky Bailey, First man was Leon Foster and First Junior was Matthew Rochester. Well done to you all. We were lucky with the weather and the light; torches will be essential in Ripon in a couple of weeks. See you at Hookstone on Sunday.

Ruth
