If you have less controls just leave the lamppost numbers (rows 5, 6 & 7) blank

If you want to use different points the overwrite the row of 10s on Row 3

If you have a different duration change the value in cell B5

Before you add the results, type in the correct lamppost numbers in Row 7. If there is more than c

After the event type in the names, finish times (minutes and seconds), and type in the recorded a
highlight yellow automatically. The scores are calculated automatically by comparing their result t

If there are a lot of errors against one lamppost you may need to check. If you decide to allow add
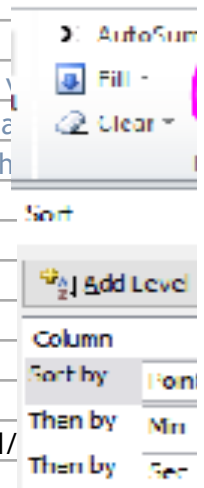

A) Run the macro to sort for you by pressing <Ctrl><Shift><S>

B) Alternative if macro doesn't work:

 Highlight **A7 to AL35** then click on "Sort & Filter" (this varies between formats and

Click on "Custom Sort" There should be a saved sort with 3 sort levels already saved a

If not, you need to create a sort - don't forget to tick "My data has headers" as you sh

You can delete unused rows below runners data.

If you get stuck, either give it your best shot, use manual overwrite if necessary and/
