Wrong:

Comments:

A good turnout for a Ripon event with 21 attending. Well done Leon & Vicky for leading the pack. On checking the results I had to go out on my bike again to verify some answers: I discovered that circles for # 4 & 26 were not quite in the right place so I allowed the answers for the next lamppost too. # 9 & 29 definitely have numbers on them, the latter is high up. I do have an excuse that OOM does not put the centre of the circle where the mouse is placed but slightly to the W [well it did on my map]. There was a gate N of #13 that was open early on but locked at some stage later so I have allowed an appeal by Allen & Kevin who were late because of this & I will try not to use this control again. The pub venue was split on Brexit lines with half the people supporting Wetherspoons + Tim Martin, the other half opting for So! Bar; the former enjoyed cheap beer & meals, the latter had to pay full price - sounds like Brexit too.... Let me know of any discrepancies David Day
