Org	Mark David					

Thank you to Mark David for organising another great evening. While I have yet to give this MapRun a go, the comments were all positive and there was a good atmosphere around the event. This was Mark's fifth MapRun that he has planned/organised and he got this together very confidently and efficiently. It shows that it does get easier the more you do.

The rain held off for the duration of the run and The Empress pub then provided a good opportunity to refuel and catch up.

See you in Otley on the 5th March for a Street-O in a new venue for these events.

Quentin
