22	Judith	Powell	33:19:00	200	200	2.57	W80	MapRun
Org	Andrew	Kelly						

For many of us, this was our first time investigating the back streets of Otley. This is a rare treat for regular Street-O goers. Andrew's selection of controls provided a good challenge and kept you thinking as to whether there was a better route through the controls. Thank you Andrew for planning and co-ordinating the evening.

It was good to see some new faces at the event. Congratulations to Judith, she is our oldest participant this series. No prize, just admiration.

The last event of this series is on Tuesday 19th March from Hornbeam Park in Harrogate.
