Org	Vicky Bailey					

Vicky provided us with a fitting close to the Winter Street-O season. She assumed that after all the previous events, we would be fitter, faster and honed our route choice skills. It looks like she succeeded in tempting people to run a bit further and this matched with a higher level of lateness. Thank you Vicky for the added challenge. We will be back for more adventures later in the year when it is not possible to enjoy the daylight in the evenings. Until then, enjoy not being restricted to tarmac.

Quentin
